William T. Humphreys, Esq.  
29 State Street  
Newburyport, Mass.

Dear Sir:

Mr. John Robinson, of Salem, Mass., has just sent me a letter with regard to a coin die and some copper plates belonging to the descendants of Jacob Perkins. We are interested in the coin die only. If the two ladies have any idea what they wish for this, we should be interested in taking up the question further. It is naturally hard to place a price on it as it is simply a matter of curiosity, there being no regular market for things of this kind. We have a number of these dies which we have bought in chiefly to keep them out of dealers' and unscrupulous people's hands to prevent re-strikes being made.

Very truly yours,

Curator
